WORK EXPERIENCE

Rainbowtechweb 2022-2024

shopify and wordpress developer

Developed responsive websites using HTML, CSS, and JavaScript; ensured cross-browser compatibility, improved workflows, and contributed to code reviews and best practices implementation.

PROJECT

Login and Registration System (in MERN))

Designed and developed a secure login and registration system using MERN stack. Implemented JWT-based authentication, bcrypt password hashing, and protected routes to manage user sessions.

Task Management App (in MERN)

Designed and developed a task management application using MERN stack. Implemented features like task creation, editing, deletion, and status update with real-time UI updates.

Themahalfashions (in Shopify)

Developed a responsive Shopify store for The Mahal Fashions, featuring product categorization, secure checkout, and elegant UI to improve customer experience and boost online visibility.

Goaryan (in Wordpress)

Built a responsive WordPress website for GoAryan taxi services with booking forms, location-based features, and optimized layout to improve user engagement and lead generation.
